PUNE 411027

No: FORDE/SG/02/08

Dated the 28th Sept 2013

Dear Sir,

It is immense pleasure to thankfully acknowledge the affiliation of AIFODE to our newly formed forum. I would like to record my sincere thanks to the office bearers and all the members of the Executive Committee of the AIFODE for their act.

At the very first outset let me assure all our brothers that we will work with them with step to step without any reserves. and hesitations It will not be out of way to mention here that this forum is an outcome of the will and wishes of the representatives retired diploma Engineers of 14 states and there is not a smallest intention of either competition , rivalry or overriding any association. You are aware that Govt. serving employees (except Group D or Class IV) associations has the binding of not including the non serving employees in them. This has left no alternative than to form their separate association. I assure all that these associations/ forums either at state level or national level and their office bearers will not cross or interfere each other, in workings or interests of each other organisation. The very strong bond between them is the safe guarding and improvements in the conditions of retired as well as serving Diploma Engineers. These two wings will form the strongest mass of the Diploma Engineers. This is our main motto behind getting the affiliation. Now the VIIth Central Pay Commission has been announced and in this perspective the second platform is now available to echo our demands. Similar will be the situation in states when their committees will be formed. "Kahete hain na ki Eak se bhale do" .So please set aside all your reservations about this forum or forums at state levels .If still any doubt remains, it will be my pleasure if you contact me and get it cleared. Our constitution is already published and circulated to you with my e mail. We welcome all your suggestions for modification through our Constitution Amendment Committee.

Last but not the least I request to please come forward to help the state units of this forum, extend your helping hand to them and if such unit is not yet established, come forward to form. Thereby strengthen your organ, organisational voice and unity of all Diploma Engineers in the nation in this demanding situation. I wish all of you a pious Navratri (Durga Pooja) and bright Vijaya Dashmi. Let the Durga of our united efforts defeat the evils of poor pay scales, worst service conditions and poor pensionary benefits.

With warm regards

Truly yours.

(Er. Subhashchandra Raje)
